Because you gave ...

- “My family and I moved to California for a couple of reasons. One was the warmer weather, and the other was because we heard that there was better medical services for my blind children.
- We felt we had enough money to give us a place to live and enough food to keep us for a month. However, we had several hundred dollars stolen from us during our travels.
- We did a lot of praying for God to pull us through. We found a lot of unsympathetic people wanting to blame me and tell me how horrible a mother I was.”

Because you gave ...

- “I am not trying to make myself out to be a victim, I am not trying to say that I am not totally blameless. Despite our mistakes God still loved us and He wasn’t going to let us down.
- By His divine intervention we went to Son Light Christian Center for help. This was embarrassing because we always try to do things ourselves.
- The Pastor’s wife Nancy is truly a wonderful person. She went above and beyond the duty.”

Because you gave ...

- “When she had done all she could, she sat us up with Grace Immanuel Ministries. I don’t know what we would have done without them. We would have been on the streets, without their help.
- We thank God for Grace Immanuel Ministries finding a safe place for us to stay.”

Because you gave ...

- “When my oldest daughter got really sick, Grace picked us up in her car, and brought us to her office so that my daughter could get some sleep and get better. Grace made sure we had meals and went to get the prescription filled for my daughter.
- Grace Immanuel Ministries was with us every step of the way.”

Because you gave ...
